Management Association

Eljen Mound Installation Training Day Workshop

The MOWMA is co-hosting a Mound Installation Field Training Workshop utilizing the Eljen Combined Treatment System in **Winnipeg, MB on October 5th, 2023.**

This practical training workshop is a great opportunity to get hands-on experience building an Eljen Mound Onsite Wastewater Treatment System.

This workshop is an opportunity for installers or those interested in becoming installers can learn the installation practices for this combined treatment and dispersal option.

The expected outcomes for this training are listed below:

- Understand the basic principles of how this system works – treatment in sand layer and dispersal horizontally.
- Learn system design configurations and materials.
- Basic knowledge of system situation on site.
- Know factors in locating the system – slope vs. level, clearance separations, vertical separations, etc.
- Construction and installation of distribution system.
- Ability to assist with preparation of basal area (soil interface).
- Ability to assist with construction of sand layer, distribution system, component placement, backfill and all other aspects of system construction.
- This will be a complete installation in the field.

This is a Sponsored event. A registration form is attached. You may register for this hands-on training by email or through the MOWMA online store at www.mowma.org

Pre-registration only – Space is limited so save your spot now!
